

Cableprint CP 1MD

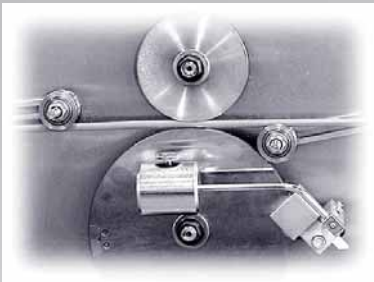

Direct printing machine with magnetic coupling

The Cableprint CP 1MD is a special printing machine working by traction with motorised assistance, and using the direct gravure method. The printing station, designed for larger wheel diameters, allows the printing of longer alphanumeric legends on the bottom side of cables, hoses and tubes.

The CP 1MD fully complies with CE norms.

Standard version

- 1 printing head for flat wheel Ø 124,2 mm or Ø 159,2 mm
- 1 shaft for mounting hole Ø 12,7 mm
- 1 scraper bracket with flat scraper 12,0 mm and steel blade
- 1 pneumatic system for counter-pressure adjustment
- 1 guiding system
- 1 ink tray
- 1 solid stand with adjustable height from 900 to 1200 mm
- 1 tool set

Technical Data

- Printing area up to 25,0 mm
- Printing speed results from traction
- Power supply: 400V, 50 Hz, 3-phase
- Machine weight: about 50 kg
- Dimensions: 460 x 420 x 580 mm

Location

Different locations possible, but subject to testing. Precondition for quality printing is a clean and dry cable surface.

One-stop shopping

From printing wheels and machines, corona treatment, viscosity control systems, inks, special solvents and special cleaners to custom-built machines – **RSD Technik** offers solutions to meet all your needs.

We reserve the right for technical improvements
